

Request for Quotation- Supply of IT Equipment for Project Implementation Unit, Reference No. SER-SAIGE-RFQ-G-20-06

Request for Clarification No. 1 and Clarifications No. 1

Q1. Could you please clarify the requirements and specifications with regards to the MS Office Subscription (item No. 3 of the Technical Specification Annex).

The clarification is of the wording "unlimited" where it is unclear whether you would like a yearly subscription of the Microsoft 365 for Business (options are Basic, Standard or Premium), or whether you would require a one-time purchase of Office Home and Business 2019 (which is not a subscription)? Currently, Microsoft does not offer a Home and Business subscription.

A1. The Bidder is to submit an offer for one-time purchase of Office Home and Business 2019 (not subscription).
